## ***BECOME A CHAPTER WEBSITE SPONSOR***

October 11, 2006

The Oklahoma City Chapter of ASIS International has established a website for the use of our members and professionals in the security industry. The purpose of our website is to be a tool to increase communications, generate increased volunteer activity, and to encourage professional interaction.

By becoming a website sponsor, companies and professionals can help the ASIS International local chapter, a volunteer non-profit organization, maintain and offer this website to members of the chapter and others in the industry. We are introducing this opportunity to you and describe below what it is and how you can give your support.

With your support we will place your company name in the "Our Sponsors" window on our main page with a hot link to your site. We will also include your company logo, contact information, and a hot link to your website on our dedicated "sponsors" page. The cost associated with this request is normally \$150.00 per year. At the end of the year we will notify you of the renewal of your continued sponsorship for the next calendar year at \$150.00.

To set up your sponsorship, please submit the following to Dan WieSel (the chapter's website committee) for review and approval.

1. A completed "Sponsors Agreement" found on our sponsors page
2. Electronic version of your company logo (size 250w X 125h pixels) .jpg or .tif format
3. Contact information and your website address

Cost of the initial setup is included in the annual sponsorship fee. Your information and additional questions you might have can be directed to Dan WieSel at [d2wiesel@icon.net](mailto:d2wiesel@icon.net) or any of the "Chapter Officers" shown on our main page.

Please feel free to visit ASIS International, Oklahoma City Chapter #58 at ([www.asisoklahomacity.org](http://www.asisoklahomacity.org)) for ideas from our other chapter sponsors.

Thank you for your support.
